Dear Friends:

On behalf of the Weld-Cellucci Administration, we invite you utilize the resources made available by the many minority nonprofit organizations of Massachusetts.

Minority nonprofit organizations are integral to the vitality of our local communities. By supporting job training, education, and health and human services, these enterprises help maintain a productive citizenry, provide a basis for social and economic development, and contribute significantly to community stability.

Discover for yourselves some of the Commonwealth's most valuable resources--minority nonprofit organizations.

Dear Friends:

The State Office of Minority and Women Business Assistance (SOMWBA) supports the utilization and development of minority nonprofit organizations. Publication of this Directory is one of the ways SOMWBA promotes the use of minority nonprofits.

We encourage you to utilize the products and services of the organizations listed in this directory. Feel free to call or write to any of the organizations when you need a particular resource they provide. Refer their services to your colleagues and friends. By doing business with minority nonprofits, you support their growth and development, and the economic growth and development of the communities they serve.

Sincerely,

Inclusion in this directory does not constitute an endorsement of an organization's services by the Massachusetts State Office of Minority and Women Business Assistance (SOMWBA). Firms and organizations are certified by SOMWBA based on criteria cited in the agency's statute and regulations.

The Commonwealth of Massachusetts assumes no liability for certified nonprofits that have been inadvertently excluded from this directory. However, organizations listed in this directory may be deleted when they cannot be located through the postal system or by telephone, and after every effort has been made to obtain the organization's current location. We therefore strongly encourage all nonprofit organizations to provide us with any change of address or telephone number in writing within thirty days of the change.

Organizations that are certified or decertified after December 15, 1993 will be listed in the Central Register. The Central Register is published weekly by the Secretary of State, One Ashburton Place, Boston MA 02108.

CRITERIA FOR LISTING IN DIRECTORY

In accordance with Executive Order 237, the State Office of Minority and Women Business Assistance (SOMWBA) shall certify nonprofit organizations (NPOs) as minority-controlled, and include them as such on the SOMWBA list of minority business enterprises (MBEs). Such certification shall be granted NPOs that fulfill the following criteria:

(a) No NPO shall be certified unless it has filed for and been granted tax-exempt status from the Internal Revenue Services of the United States of America under Section 501 c(3) or 501 c(4) of the Internal Revenue code, and can produce evidence of such status with its application.

(b) No NPO shall be certified unless it is a corporation duly formed under the laws of Massachusetts, including Chapter 180 and other applicable provisions of the laws of Massachusetts. If an NPO is not a duly formed Massachusetts nonprofit corporation, it must be a duly formed nonprofit corporation under the laws of one of the United States of America or of a foreign corporation, and be lawfully registered as a foreign nonprofit or charitable corporation in the Commonwealth of Massachusetts.

(c) To be considered an NPO covered by Executive Order 237, an NPO must also have fifty-one percent or more of its members who may elect the board of directors/trustees and/or who are entitled to vote on a dissolution of the organization be minorities as defined in 425 CMR 2.02 and also fifty-one percent or more of its board of directors/trustees must be minorities as so defined. The organizational minutes must reflect the active control and participation of the minority members of the board. Where an organization has no membership other than those persons who serve on its board of directors/trustees, the test of fifty-one percent of minority membership shall be applied only to its board of directors. A nonprofit minority-controlled organization shall be independent of control or substantial influence by a majority nonprofit or profit organization. In addition, the minority members must exercise active control over and participate in financial planning and policy and set and monitor the standards for the day-to-day financial activities of the corporation. This control over financial as well as management affairs must be reflected in the minutes of the corporation's meetings.

(d) An NPO shall not be certified by SOMWBA for inclusion on the list of certified nonprofit organizations, nor on the list of profit-making organizations until it has sustained itself for at least six months from the date of its incorporation.

Any applicant organization who knowingly provides false or misleading information to SOMWBA for the purpose of obtaining certification shall cause this application to be rejected and certification to be denied, and the organization may not reapply to SOMWBA for a period of two years following the date of notice of rejection.

NON-VERIFIED NONPROFIT ORGANIZATIONS

When preparing the 1993 Directory, these nonprofit organizations did not respond to SOMWBA's request that they update and verify their certified listing(s). Because these organizations have not responded to SOMWBA's requests for information, use of these to fulfill minority nonprofit participation requirements should be undertaken with due care until SOMWBA is able to clarify their status under recertification procedures.
